|---|---|
| **Name** | Drew Quashie |
| **Age** | 17 |
| **Type your school name** | Bishop's High School Tobago |
| **Choose date to collect Gift Voucher at Your School** | Monday, Nov 22, 2021 10:00 AM - 11:00 AM |
| **1. What are you enjoying the most about the Virtual Stock Market Game?** | I enjoy the close competition I have with the other players and also the ability to buy and short stocks at ease. |
| **2. Please list 2-3 key strategies used in the game, and how you anticipate applying them to real life experiences in the future.** | I mostly used stock indicators such as MACD, RSI and moving average to determine upward and downward trends and when to buy, short or close. I developed a stock predictor which I plan on using in the future of this game. I plan to improve my knowledge of stock indicators and to improve my prediction models to use in the real stock market. |
| **3. Is there any feature of the game that you find confusing? If so, please provide specific examples.** | I don't understand why there isn't an option to close all stocks at once. |
| **4. What is the most valuable thing you learned (knowledge or skills)?** | I have learned how to do research on companies and also how to read stock charts. |
| **5. Overall, how can we improve this training?** | From my perspective the training seems fine, and there is no need for improvements |
| **6. Testimonial** | The virtual stock market game has very beneficial to me. It has taught me about personal finance and how to manage my funds. Due to the impact it has had on me I believe it would be beneficial to other students if enforced by the ministry of education |

**Parent: 1 minute video testimonial about the game and impact it has on your child**
