1. What are you enjoying the most about the Virtual Stock Market Game?	The fact that the game emulates the actual stock market in almost real time really gives the sense to students that they are trading in the real stock market.
2. Please list 2-3 key strategies used in the game, and how you anticipate applying them to real life experiences in the future.	<ol style="list-style-type: none">1. The researching of companies to determine how they may perform in future.2. The use of daily articles to keep up to date on what is happening with each company.
3. Is there any feature of the game that you find confusing? If so, please provide specific examples.	No, it is all done quite well
4. What is the most valuable thing you learned (knowledge or skills)?	I would say that adapting to and quickly figuring out how to properly assess a task and complete it well.
5. Overall, how can we improve this training?	I would say to educate the students on topics such as taxes associated with trading.
6. Testimonial	This game has impressed me with how accurate it emulates the stock market in real time. It is a very effective learning tool for students interested in the stock market and I would recommend it to friends and family.
