Type your school name	St. Anthony's College
Choose date to collect Gift Voucher at Your School	Friday, Nov 19, 2021 10:00 AM - 11:00 AM
1. What are you enjoying the most about the Virtual Stock Market Game?	It feels realistic, the way to buy, trade and transfer money to actual cash you earn. If you ask any child they feel like you are actually making. It makes me feel like I am the owner of a big multibillion dollar company trading money everyday. Some days I set up trades and just wait for the money to come. It is really fulfilling.
2. Please list 2-3 key strategies used in the game, and how you anticipate applying them to real life experiences in the future.	Even when stocks dips...wait until it does rise when it rises then close stock. Even when stocks dip... buy in on the opposite side of the stock that is lossing. Example. If i buy 10 stocks and it dips... then i will sell 15 or 20 stocks of that same stock.
3. Is there any feature of the game that you find confusing? If so, please provide specific examples.	No feature I did understand on the game thus far.
4. What is the most valuable thing you learned (knowledge or skills)?	Knowledge to actually trade on the stovk market to make my own money. Skills to picture myself in my own company to trade and teach employees to do the same.
5. Overall, how can we improve this training?	The website has a lag in updating the information and closing stocks. This lag cost me to loose a couple hundred dollars between reload time.
6. Testimonial	Realty or actually trading stock to make money.. one strategy does not work it keeps you on youe toes showing you the ropes of real life ups and downs.

Parent: 1 minute video testimonial about the game and impact it has on your child

WizdomCRM Family would like to thank you
