1. What are you enjoying the most about the Virtual Stock Market Game?	I am enjoying learning about new stocks everyday and being able to invest into them without losing real money.
2. Please list 2-3 key strategies used in the game, and how you anticipate applying them to real life experiences in the future.	1. I started to buy stocks during the pre-market period. 2. I watched the news to see what different business were doing, and if i thought there were doing good things, i would invest in their stocks.
3. Is there any feature of the game that you find confusing? If so, please provide specific examples.	No, there is no feature of the game i find confusing, but some of the stocks i would like to invset in are either not in the game or shows the share price is $0.00 per share.
4. What is the most valuable thing you learned (knowledge or skills)?	I have learnt how to invest money and that to not put "all your eggs in one basket".
5. Overall, how can we improve this training?	In my opinion, this training can be imporved by allowing users to purchase options and also provide more information about how to pick good stocks to invest in.
6. Testimonial	I truly appreciate the opportunity that was given to me to learn about the stock market and having an opportunity to invest into different shares. This will definitely help me in the future when i decide to invest in different companies.
