| <b>Name</b>   | Aidan Hayes  |
| <b>Age</b>  | 17   |
| <b>Type your school name</b>  | Bishop Antsey Trinity College East Sixth Form  |
| <b>Choose date to collect Gift Voucher at Your School</b>   | Monday, Nov 22, 2021 3:00 PM - 4:00 PM   |
| <b>1. What are you enjoying the most about the Virtual Stock Market Game?</b>   | The ability to make money very easily by anticipating the trends in the market.  |
| <b>2. Please list 2-3 key strategies used in the game, and how you anticipate applying them to real life experiences in the future.</b> | One key strategy i learnt was to never put all of your money into one stock because you may lose it all. Another key strategy is to always check the stock news because you never know when your investments could diminish because of it.   |
| <b>3. Is there any feature of the game that you find confusing? If so, please provide specific examples.</b>                            | Yes, an example of this is the limit of 1000 stocks per investment it is very time consuming to have to keep putting 1000 into the buy/sell box.   |
| <b>4. What is the most valuable thing you learned (knowledge or skills)?</b>  | The most valuable thing i have learnt it to always diversify your investments because if one industry is hit you will always have other investments just in case.  |
| <b>5. Overall, how can we improve this training?</b>  | You can improve it by adding a pre-market feature to make the information easier to understand.  |
| <b>6. Testimonial</b>   | The WizdomCRM Stock Market Game is an excellent, real-life simulation where I can buy and sell stocks. I get my own stock portfolio and will see the daily changes in their portfolio. The game teaches and reinforces critical thinking, decision making, independent research, saving and investing. |

**Parent: 1 minute video testimonial  
about the game and impact it has on  
your child**

WizdomCRM Family would like to thank you
